

Controls

Your Distributor with Something Extra!

Call 847-516-2524 or order online at www.ecdcontrols.com

ABB Low Voltage Drives	Industrial AC & DC drives, PLCs and HMIs	M HAMMOND W MANUFACTURING	Electrical enclosures, racks, and cabinets	TECHTOP electric motors	Low voltage industrial motors & accessories
ABB Low Voltage Controls	Industrial control, relays & contactors, CBs, MCCBs, disconnects & softstarters	HellermannTyton	Wire/cable management & identification systems	TE	Entrelec Terminal blocks and connection devices
ABB JOKAB SAFETY is a member of the ABB group	Safety relays, sensors, switches, fencing, mats & light curtains	IDEC Think Automation and beyond...	Industrial control and automation PLC's, HMI's, Relays & Power Supplies	THK The Mark of Linear Motion	Linear motion, guides, bearings, ball spines & screws
ABB Industrial Solutions	Motor & lighting controls, switchgear	LinMot®	Linear motors, actuators & servo controllers	tosi	Secure, reliable, remote connections thru IoT
BALDOR A MEMBER OF THE ABB GROUP	Industrial Electric motors	Littelfuse®	Fuses, fuse blocks, holders, protection relays	WAGO	Electrical connectors, terminal blocks, Remote I/O and terminal markers
Thomas & Betts A Member of the ABB Group	Wire/cable management, cable protection, power connection & control	LS ELECTRIC	VFD's, contactors & relays, circuit breakers & manual motor starters	Weidmüller Industrial Networking Solutions	Ethernet switches & device networking products
PELCO Component Technologies AIROTRONICS Timers & Controls	Timer relays and controls, sensors and microprocessors	LITZE SYSTEMATIC TECHNOLOGY	Flexible cable, VFD cable solutions & power supplies	ECD is an integrated distributor. We distribute automation, control, motion and mechatronic products for End User and OEM applications. VALUE ADDED SERVICES - Application Engineers on Staff - Certified Drives Start-Up - PLC Programming - CAD Drawings & Wiring Diagrams - Custom Control Panels - UL 508A & 698A Panel Shop - Contract Manufacturing - Cord Sets - Drive Assemblies - Custom Rail Assemblies - Custom Pneumatic Assemblies - Kitting & VMI - Engraving - Cable and Wire Cutting - Wire & Terminal Marker Printing - Standard and Custom Enclosures Complete Application Solutions Large On-Site Inventory	
Baumer Passion for Sensors	Industrial sensors, encoder solutions & vision systems	MACROMATIC	Industrial control and monitoring products		
brother At your side.	Gear motors	MAX	Custom Sign & Label printing & cutting solutions		
CARLO GAVAZZI	Sensors, Solid State Relays, Power Supplies, Industrial Controls	MENCOM CORPORATION	Industrial electrical connectors & cord sets		
Danfoss	Industrial AC drives (VFD) and drive systems	MICRON	Transformers and power supplies		
DART Innovation IN CONTROL	DC & AC motor speed controls & accessories	MTE POWER QUALITY. SOLVED. A STEEL INDUSTRIAL COMPANY	Filters for VFD, harmonics & high frequency applications	Complete Application Solutions Large On-Site Inventory	
ENERDOOR Engineered by Finnmotor	EMI-RFI & harmonic filters for power quality	PATLITE®	Signal & alarm products and warning devices		
FIBOX Enclosing innovations	Corrosion resistant enclosures	Pfannenberg ELECTRIC TECHNOLOGY FOR INDUSTRY	Thermal management for enclosures and signaling devices		
GRACE TECHNOLOGIES	Panel interface connectors, voltage indicators & predic. maintenance sensors	pizzato	Position switches, safety devices & modules & signaling devices		
		RITTAL	Industrial modular enclosures, server racks & climate controls

1000 Meyer Drive Crystal Lake, IL 60014 Ph: 847-516-2524 Fax: 847-516-3275

ECD is first and foremost a distributor of electrical control components for OEM's and Machine builders. The something extra is the extensive knowledge of the products we distribute as well as the ability to help with product selection, technical support & application assistance. Value added services include an inhouse UL 508A and UL 698A Listed Panel Shop, Engineering Support, Custom Electrical Control Design & Fabrication, Electrical & Mechanical 2D & 3D drawings in Solid Works, PLC & Drive Programming Services, VFD Startup Services, Remote Equipment Troubleshooting Services, custom rail assemblies, kitting and more. ECD is your source for OEM controls and offers a large inventory of automation and control products in stock and ready to ship.
